# 01 INTRODUCTION

# 01 THE BRAND

*DISCOVER THE DS AUTOMOBILES BRAND*

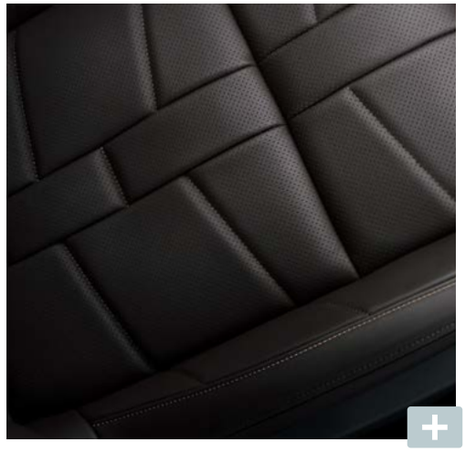

AVANT-GARDE

Two letters that resonate with automotive high fashion could only have been created in Paris, the capital of sophistication and the avant-garde. Today, as in the past, the DS brand injects its innovative spirit into every model that leaves its workshops.

## DS 4 E-TENSE

## PLUG IN HYBRID

ENJOY THE BEST
OF BOTH WORLDS
WITH DS 4 E-TENSE

LOWER EMISSIONS

QUIET, COMFORTABLE CRUISING

EXCLUSIVE E-TENSE SERVICES

### A new generation of mobility

Enjoy a remarkable driving experience with our E-TENSE plug-in hybrid technology. Uniting flexibility with dynamism, the combination of electric and petrol delivers thrills as well as comfort. Fitted with an E-TENSE powertrain, the $CO_2$ emissions are from just 28g/km.

E-TENSE models enjoy lower road fund licence charges and Benefit in Kind taxation charges for company car drivers.

*CHARGING SOLUTIONS*

## CHARGE DAILY, DRIVE 100% ELECTRIC

Charging is a necessity to make the most of your electric or plug-in hybrid car. When you're not using your car, it only takes a few seconds to plug it in and charge it. We recommend you charge your plug-in hybrid car every day to take full advantage of driving electric

# 01 FORMULA E

## DS AUTOMOBILES DOUBLE WORLD CHAMPIONS IN FORMULA E

**Formula E** is a 100% electric single-seater championship recognised by the International Automobile Federation, the first race of which took place in 2014.
Engaged in Formula E since 2015, DS Automobiles has made its mark on the history of the sport with two double titles (Teams and Drivers) in 2019 and 2020 with an impressive number of victories and podiums. Today, DS still stands out as the most rewarded brand with a record number of points scored since the creation of the championship.
This season, DS is associated with Penske Autosport within the DS PENSKE FORMULA E TEAM.

**Why is DS Automobiles involved in Formula E?**
''From Track to Road''

Motorsport is a real laboratory for DS Automobiles.
It makes it possible to test in extreme conditions technologies that could be used in the development of our road cars. The competition allows technology transfer between single-seaters race cars to our electric and plug-in hybrid models. The E-TENSE 4x4 360 engine is a great example of this, developed by DS PERFORMANCE, this high performance powertrain can be found in both DS 7 and DS 9.

Furthermore, having a DS Automobiles team in Formula E aligns perfectly with the brand strategy of launching vehicles of electric propulsion exclusively from 2024.

| | 52 | 53 |

* Driver only
**Official Government test fuel consumption figures
***Please note: the maximum plated weights must not be exceeded

Figures quoted reflect a range of configurations (including non-UK market vehicles) and are subject to changes resulting from ongoing product development, range evolutions, testing and evaluations.

The grouped figures shown above show the lowest and highest performing results for this model. Consult your dealer for information on specific examples. The fuel consumption you achieve, and $CO_2$ produced, in real world conditions will depend upon a number of factors: including the accessories fitted (post registration), variations in weather, driving styles and vehicle load. There is a new test WLTP (Worldwide Harmonised Light Vehicles Test Procedure) used to measure fuel consumption and $CO_2$ figures. These $CO_2$ figures, however, are based on the outgoing test cycle NEDCeq (New European Driving Cycle Equivalent), calculated using an EC correlation tool which converts WLTP figures to NEDC. These figures are used to calculate tax for first registration. You should only compare fuel consumption and $CO_2$ figures with other vehicles tested using the same technical standard.

# 04 FINANCE SOLUTIONS

STELLANTIS FINANCIAL SERVICES

Stellantis Financial Services aims to make driving accessible for all with a wide range of finance products.

We have a range of options that allow you to either buy your new DS Automobiles vehicle outright and own it, hire or lease it with a range of options at the end of the contract to suit your requirements (depending on the specific product that you choose).

To find out more information, please visit **www.stellantisfinancialservices.co.uk**

LEASYS

Leasys is the proud Business Contract Hire partner of DS and consequently, can provide quick vehicle delivery to keep your business mobile.

Specialised in Medium to Long-Term Leasing options and Fleet Management solutions for businesses of all sizes, Leasys lead mobility by offering sustainable and innovative solutions designed around customers, for a best-in-class experience. Their team of experts can personally support you and provide dedicated consultation.

Leasys is equally owned by Stellantis and Crédit Agricole Consumer Finance and is a member of the British Vehicle Rental and Leasing Association (BVRLA).

For further information, please contact your local DS Retailer or visit **www.leasys.com/uk**

DS AUTOMOBILES

TERMS AND CONDITIONS Every endeavour has been made to ensure that the information, details and descriptions set out in this literature are correct, at the time of going to print. We reserve the right to modify our vehicles price, specification (including colour), equipment, accessories and characteristics or to discontinue any model, without notice, at any time. To avoid any misunderstandings you are advised to check with your Dealer the specification (including colour), equipment accessories and equipment relating to any vehicle and the exact cost and availability prior to ordering.
