Indulge Every Journey

ZEEKR
7X

Elegant Appearance

Hidden Energy Design Philosophy. Blending Aesthetics with Practicality.

ZEEKR Stargate Integrated Smart Light Curtain

93” Giant Light Strip	1831 High-Power LED Beads
30 fps Ultra-High Refresh Rate	310° Ultra-Wide FOV

Frameless Automatic Doors

0.247Cd Ultra-Low Drag Coefficient

Classic Luxury SUV Silhouette

Exquisite Interior

Every Detail is Meticulously Crafted. Elegance is a Philosophy of Life.

Ripple-Effect Ambient Lighting
Dynamic lighting that flows across the cabin, creating a refined and immersive atmosphere.

NAPPA Full Grain Top-Layer Leather Seats
Feature an elegant soft-wrapping interior that delivers exceptional comfort, refined texture, and a luxurious cabin experience in every journey.

16” 3.5K Mini-LED Central Control Screen
Delivers ultra-sharp visuals, vibrant colours, and seamless control — bringing intuitive interaction and a premium digital experience to every drive.

Luxury Console Design
Crafted with premium materials and intuitive functionality — seamlessly integrating storage, controls, and connectivity in a clean, modern layout that enhances both comfort and convenience.

36 Flexible Spaces

Beyond Your Storage Imagination

Magic Space

A Spacious, Segment-Leading Occupant Compartment Designed for Every Passenger.

1,978L Expanded Trunk Space & up to 62L Electric Frunk

Dual-Mode Temperature-Controlled Fridge*

Front Door Armrest Box

Rear Seat Box

Intelligent Cabin

Technology Redefining Luxury, Crafting a More Enjoyable Experience.

In-Cabin Monitoring System
A smart rear camera sensor monitors rear passenger activity, enhancing safety and awareness inside the cabin.

Driver Headrest Speakers
Immersive audio delivered directly to the driver for a more personalised listening experience.

Panoramic Glass with Power Sunshade
Enhances openness and natural light, while offering effortless control of brightness and privacy — creating a more comfortable and refined cabin atmosphere.

ZEEKR Sound Pro
Delivers an immersive, concert-like audio experience — bringing depth, clarity, and precision to every journey.

*Optional.

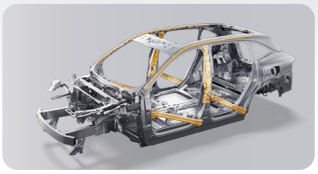

All-Round Safety

720° Safety Castle Protection in Every Scenario

EURO NCAP 2025

5-Star Euro NCAP Safety Rating

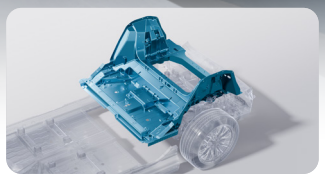

"Dome-Shaped Armored Body" Safety Structure
- 83.3% High-Strength Steel + Aluminum Alloy
- >12m Ultra-High-Strength Hot-Formed Steel

Automatic Parking Assist (APA)
Detects suitable parking spaces and assists with precise steering to make parking effortless.

Auto Lane Change (ALC)
Intelligently assists with lane changes by monitoring surrounding traffic and executing smooth, safe transitions.

One-Piece Die-Cast Rear Aluminum Body
Reduces body distortion by 16% after rear impacts while enhancing overall rigidity. With 82 fewer parts and approximately 820 fewer welding points, it delivers improved structural integrity, safety, and manufacturing precision for a stronger, more refined build.

Superior Performance

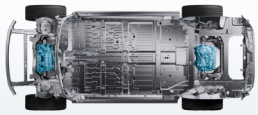

Class-Leading Performance. Freedom to Travel in Every Scenario.

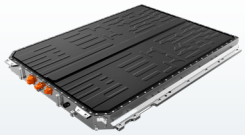

ZEEKR Magic Carpet Air Suspension with CCD
Responds to the road ahead and adapts instantly — smoothing out uneven terrain, stabilising every turn, and keeping every ride serene even when the road gets rough.

Akebono Front Four-Piston Calipers*
Engineered for high-performance braking — offering strong stopping power and unwavering control for a truly confident drive.

Front Double Wishbone + Independent Rear Five-Link Suspension
Ensures superior stability, precise handling, and enhanced ride comfort — delivering a smooth, controlled driving experience across every road condition.

100kWh Qilin Battery
Delivers exceptional energy density and efficiency, providing up to 615 km** WLTP range — ensuring longer journeys, fewer charging stops, and reliable performance for everyday and extended drives.

800V High-Voltage System	3.8s* 0-100 km/h Acceleration Time
615 km** WLTP Range	10.5 mins SoC 10%-80%

1. Data is based on engineering test results and may vary depending on factors such as weather conditions, road conditions, battery charge level, vehicle load, and tyre specifications.
2. The stated range is based on the longest range data of the Zeekr 7X equipped with a Ternary (NCM) Lithium Battery Pack. The 3.8s acceleration refers to the fastest 0–100 km/h time for the AWD Performance variant.
3. Charging data reflects the fastest charging time for the Second-Generation Golden Brick Battery when using a V3 Liquid-Cooled Supercharger under standard room-temperature conditions.
4. Vehicle configurations may vary by variant. Please refer to the product configuration table for full details.

*Only available for AWD Performance variant.
**Only available for RWD Long Range variant.

Note with *:
1. "•" denotes standard equipment; "–" denotes the absence of the feature; "○" denotes optional equipment (available as part of an optional package and subject to additional cost).
2. EV range, acceleration, and other performance data are based on engineering tests and may vary depending on testing conditions such as environment, weather, road conditions, battery level, and vehicle load. Figures are for reference only.
3. Actual DC charging speed may vary depending on factors such as charging station output power, grid conditions, and ambient temperature. The 800V DC charging capability refers to the system's maximum charging capability.
4. The active driving assistance system is designed to assist the driver. It cannot handle all traffic, weather, or road conditions and does not replace driver control of the vehicle. Drivers must remain attentive to their surroundings and intervene when necessary. Please use these functions with caution in complex traffic situations, adverse weather, or challenging road conditions.
5. Seat material refers to the primary contact surfaces between the seat and occupants.
6. Zeekr continuously improves its products. Vehicle equipment, specifications, and supply conditions may change without prior notice. Images and information are for reference only. Please refer to the actual vehicle for final details.
